SUPERVISOR BOSWORTH: I'd like to call the meeting to order. If everyone would please rise for the Pledge.

(Pledge of Allegiance was recited.)

SUPERVISOR BOSWORTH: Mr. Wink, if you could please call the meeting to order.

MR. WINK: Town of North Hempstead special board meeting, Wednesday, November 1st, 2017. Councilwoman De Giorgio.

COUNCILWOMAN De GIORGIO: Here.

MR. WINK: Councilman Ferrara.

COUNCILMAN FERRARA: Here.

MR. WINK: Councilwoman Kaplan.

COUNCILWOMAN KAPLAN: Here.

MR. WINK: Councilwoman Russell.

COUNCILWOMAN RUSSELL: Here.

MR. WINK: Councilwoman Seeman.

COUNCILWOMAN SEEMAN: Here.

MR. WINK: Councilman Zuckerman.

COUNCILMAN ZUCKERMAN: Here.

MR. WINK: Supervisor Bosworth.

SUPERVISOR BOSWORTH: Here. So following our Town Board procedure, we will open the meeting with 30 minutes of public comment on matters not having to do with items on the agenda. Each speaker will have three minutes to address the Board. Mr. Wink, do you have any cards?

MR. WINK: I do not.

SUPERVISOR BOSWORTH: Is there anybody in the audience that would like to speak?

(No response.)

SUPERVISOR BOSWORTH: Mr. Wink, could you please start the agenda?

MR. WINK: Continuations: Item 1: A public hearing to consider the preliminary budget of the Town of North Hempstead, together with the budgets for all special improvement districts, and the assessment roles of the Belgrave Water Pollution Control District, Great Neck Water Pollution Control District and the Port Washington Water Pollution Control District for the year 2018.

SUPERVISOR BOSWORTH: Thank you. So I'd like to start the continued budget hearing by acknowledging that we have present the commissioners and other officials from various special districts and entities that were not able to attend our October 24th meeting. And I understand some of you didn't know about the October 24th meeting, that won't happen again. I want to especially thank the representatives of the fire districts for attending, even though State law requires that our Town Board must adopt their budgets unchanged. The reason we ask the various districts to attend our budget hearing is to hear any concerns that members of the public or

members of this board may wish to raise, and we really appreciate your attending. I will ask the commissioners or other officials to stand when their district is called. If any member of the council or the public have questions or issues they want to raise, that would be the time. And members of the public would please come up to the microphone to speak. So Port Washington.

SUPERVISOR BOSWORTH:	Is there anybody that would like to ask a question?
SUPERVISOR BOSWORTH:	Okay, thank you. Glenwood Garbage District.
SUPERVISOR BOSWORTH:	Any questions?
SUPERVISOR BOSWORTH:	Thank you. Roslyn Garbage District.
SUPERVISOR BOSWORTH:	Any questions?
SUPERVISOR BOSWORTH:	Carle Place Library District.
SUPERVISOR BOSWORTH:	Are there any questions?
SUPERVISOR BOSWORTH:	Thank you. New Hyde Park Fire District.

SUPERVISOR BOSWORTH: Well we thank you for attending. You're welcome to stay for the rest of the meeting, but you don't have to. So if you would like to leave this would be the time to do so. So we will be continuing this part of the hearing to the 14th. Returning to our own Town budget, I'd just like to read a statement and then if there are any remaining questions from members of the public, we'll take them following that. So then we continue the public hearing on the budget for that issue, but for our own Town budget, we will close the public hearing and take our budget vote. So tonight we'll be voting on our 2018 budget for the Town of North Hempstead, which I believe is one of the most important votes that we make all year long. The budget is a blueprint that reflects our priorities, the Town's priorities and the priorities of its residents. This budget is fiscally conservative, while still maintaining the high level of service our taxpayers expect and deserve. The budget continues this administration's policy of being open and transparent. Once again, for the fourth consecutive year we're holding the final budget vote before Election Day, something I know was really on the minds of many of the Council members. When voters go to the polls in six days, they'll know what our Town budget has in it. This budget is the fourth budget I proposed that stays under the New York State tax cap. And despite these tight financial constraints, my administration remains committed to finding ways to deliver all important services without exceeding the tax cap. The budget reduces the tax levy in the general fund. I applaud the hard work done by the commissioners, the department heads, the Comptroller and finance teams to keep expenses down without slashing the important services relied on by our residents. The Town Outside Villages Fund shows a small increase in the tax levy, approximately 1.8 percent. This new spending helps fund additional personnel for the building department, together with increased revenues from building fees that were approved by this board in 2017. These additional personnel will help with the increased volume of business that the building department is experiencing and will help reduce delays in getting plans approved. I also want to note that the Town has lowered its debt by \$32 million since the year 2013. The reduction in debt service is one factor that led us to lower general fund expenses by approximately \$300,000 this year, decreasing the financial burden on our taxpayers. For four consecutive years we've presented sensible budgets and we've lived within those restraints. That fiscal prudence has achieved or AAA bond rating by Moody's Investor Service. We're the only Town in Nassau with the AAA bond rating and our taxpayers deserve no less. It's evidence that our conservative budget style is working. Unfortunately, at this time we do not yet have a Collective Bargaining Agreement in place. I'm confident that

Page 4

management and labor will continue to work together and ultimately we will have a ratified agreement to present to this board for its approval. The preparation of this budget was accomplished by the dedicated efforts of the Comptroller's department, with Averil. Thank you so much and of course the whole team and the finance team, my senior staff and our commissioners. Thank you for your commitment to not only getting the job done, but for doing a job that you can be proud of and so can we. So I thank you. Are there any questions or comments about the Town's budget?

SUPERVISOR BOSWORTH: Mr. Wink, do you have any cards?

MR. WINK: No cards.

SUPERVISOR BOSWORTH: Then I move to close the public hearing, but continuing with the New Hyde Park Fire District.

MS. BOTWIN: We have an amended resolution that I'd like to pass out and it's a slight change from the one in the agenda. It reflects that the New Hyde Park Fire District budget hearing is being continued until the 14th.

SUPERVISOR BOSWORTH: I'd like to offer the resolution -- Mr. Wink did you call it yet?

MR. WINK: I did not. Item 5, A resolution adopting the annual budget for the special districts of the Town of North Hempstead for the fiscal year beginning January 1st, 2018.

SUPERVISOR BOSWORTH: So I'd like to offer the resolution as amended and move for its adoption.

MR. WINK: Councilwoman De Giorgio.

COUNCILWOMAN De GIORGIO: Before I vote, I just want to say that I actually want to thank also the Comptroller's office and the Supervisor. It's no secret that we had quite the spirited budget discussion and I asked a lot of questions and I asked the Comptroller's office to put together a lot of different charts and collate information and organize it in ways that weren't really in the budget. And I appreciate the fact that they really gave their best efforts to do that, and I know it was a lot of work. And I'm also appreciative of the fact that we are a town board that embraces that kind of exchange. And it's clear that you tried to answer all of the questions and in many respects you did. So I just want to recognize that. I want to recognize the supervisor for having that kind of an environment here so even though I didn't agree with everything you said and, you know, it got a little heated occasionally, I could recognize it was a lot of work and I do appreciate it.

SUPERVISOR BOSWORTH: Thank you.

COUNCILWOMAN De GIORGIO: You're welcome.

SUPERVISOR BOSWORTH: And this goes under the category that we can agree to disagree, but the idea is that we always have to be open to the dialogue and the discussion.

COUNCILWOMAN De GIORGIO: Yes. And I do really appreciate that. I think it's important and it means a lot and it's -- the process is just as important as the end result, I think.

MR. WINK: And your vote?

COUNCILWOMAN De GIORGIO: Aye, sorry.

November 1, 2017

#### Dear Town Board Members and Residents of North Hempstead,

I am pleased to once again submit the Town's budget for a vote today, November 1, 2017, prior to Election Day. This is the fourth consecutive year that my administration has done so, keeping my commitment to an open and transparent government and allowing you, the taxpayers, to see where your tax dollars are going before you vote.

The Town's 2018 budget is below the State tax cap. The budget reduces spending in the General Fund, with no tax levy increase. In the Town Outside Village Fund there is a modest 1.84% increase in the tax levy to offset the cost associated with increase service related to our building and highway departments. There is no use of fund balance (savings) in these major funds.

In March of this year Moody's Investors Service (Moody's) upgraded our Town's financial rating to Aaa, and it was reaffirmed September 13, 2017. This rating is the highest in the Town's recent history and the highest a municipality can obtain. In its credit opinion, Moody's acknowledged "the Town's conservative fiscal management practices" noting that this approach "supports balanced financial operations and maintenance of solid financial reserves". From the start of my administration through 2017, we have reduced debt by \$31.6 million in the General and Town Outside Village Funds.

Under this budget, our Parks and Recreation Department will continue to provide exceptional concerts, multicultural events and myriad recreational opportunities. Our Highway Department will provide snow removal, tree trimming, tree planting, street sweeping and sidewalk repair at current levels, with no cuts to these important "quality of life" services and attention to safety. Cultural and social event programming provided by our Department of Community Services will continue and services provided to our senior citizens through our Department of Services for the Aging (DOSA) and our Project Independence Program will continue to be a national role model.

This budget also reflects my stated commitment to pursue environmental initiatives and to secure funding for infrastructure needs. My team will shortly be updating the Town's five-year capital plan that seeks to preserve the Town's resources, both natural, like our waterways and our wetlands, and man-made, like our roads and park structures. Our Department of Public Works (DPW), Planning, and Highways staff will continue to support all these projects.

The preparation of this budget was accomplished by the dedicated efforts of the Comptroller's office, my senior staff and our commissioners. I thank them all for their efforts, as we continue to move our Town into a bright future.

Warm Regards,

Judi Bosworth

Judi Bosworth North Hempstead Supervisor

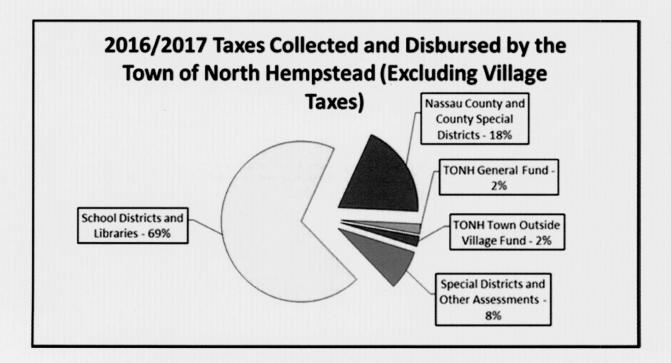

# The Governmental Funds of the Town of North Hempstead

North Hempstead is governed by its Town Board, comprised of the Supervisor and six Town Councilmembers. Town functions are also administered by the elected Town Clerk and elected Receiver of Taxes.

From a fiscal standpoint, the activities of the Town are organized, recorded and reported on the basis of funds, each of which is considered a separate accounting entity. Each fund is a stand-alone, self-balancing unit. The Town funds are combined for the purposes of calculating the State's tax cap.

Below is a pie chart detailing how much of the real property tax revenues collected from Town residents goes to Town of North Hempstead operations versus the operations of schools & libraries, Nassau County, and Special Districts.

## **General Fund**

The General Fund is the Town's principal operating fund. The revenues and expenses for departments whose operations service all Town residents, both within the Incorporated Villages and the unincorporated areas, are recorded in the General Fund. For example, all Town residents may use Town park facilities, call 311 for information, or participate in events sponsored by the Department of Community Services. Therefore, those are among the departments located in the General Fund. Accordingly, the property tax base for this fund is all residents and businesses within the Town.

The pie chart at the beginning of Tab 2 shows the distribution of expenditures amongst the departments within the General Fund.

## The Town Outside Village Fund (TOV)

The Town Outside Village Fund was created from the merger of the Part-Town and Highway Funds by an act of the New York State Legislature in 2006. The TOV fund serves residents who live or own property outside the borders of incorporated villages. This Fund covers road maintenance, snow plowing, code enforcement, building safety and inspection and community planning.

The pie chart at the beginning of Tab 3 shows the distribution of expenditures among the departments within the TOV Fund.

### Town-Operated and Commissioner-Operated Special Districts

There are 46 special districts in North Hempstead, overseeing such services as fire protection, garbage disposal, street lighting, parks, public parking lots, sidewalks, water and sewers, libraries, and business improvement.

These districts provide services to and are supported only by property owners within the district.

There are 20 Town-operated districts administered by the Town Board; and 26 Commissioner-operated districts, which have independently elected governing boards.

Tab 4 contains the budgets of the Town-Operated Special Districts while Tab 5 contains the budgets of the Commissioner-Operated Special Districts.

The Town's tax cap is calculated based on the Town's General and TOV budgets and the Town-operated and Commissioner-operated special district budgets.

#### **Town Departments: General Fund**

## **Administrative Services**

The Department of Administrative Services maintains most Town facilities, performing a wide range of functions from painting to full-scale renovations as well as landscaping, parking lot governance and snow removal for the Town Hall, Annex, Animal Shelter and the Roslyn Community Center. The Department also encompasses Central Printing and Mailing for all Town departments, from tax bills to special event flyers.

#### **Community Services**

The Community Services Department is the "Helping Hands" of the Town of North Hempstead. The Department's mission is to offer programs to improve the quality of life for each of our residents. The Department offers popular events such as FunDay Mondays for seniors, a yearly Veterans Breakfast, Asian American Festival and BeachFeast. In this year's budget, the Town's respite program for people with developmental disabilities "C.A.R.E" moved from Parks and Recreation to the Department of Community Services. The Department has also expanded the transportation program offered by Project Independence for the elderly to include people with disabilities, the result of a suggestion by the Town's Disability Advisory Committee. Rides are provided on request, to resident with a disability for food shopping and discounted rides for doctor appointments.

#### Department of Services for the Aging (DOSA)

DOSA provides programs tailored to meet the needs of North Hempstead's aging residents who want to stay in our communities and in their own homes as they mature. DOSA's core program is Project Independence (PI), the Town's aging-in-place initiative. Almost one quarter of the Town's 230,000 residents are age 60 or over. DOSA provides services including screenings for chronic conditions like high blood pressure and diabetes, health education seminars, support groups for caregivers and others, assistance accessing benefits, case management, social/recreational activities, volunteer opportunities and referrals to other sources of support. Project Independence also offers rides for members for food shopping or medical appointments.

#### Comptroller

The Comptroller's Office (the Comptroller) is responsible for the overall financial management of the Town and its component special districts. The Comptroller accounts for all operating expenses, debt service and distribution of taxes and other revenues. Additionally, the Comptroller manages the Town's cash, supervises preparation of the payroll for all Town employees and compiles the Town's Comprehensive Annual Financial Report (CAFR) and the Town Board's annual operating budget. The Comptroller also manages the financing of the Town's and special districts' capital projects and performs financial and debt management services for the Commissioner operated special districts. The Town has been recognized by the Government Finance Officers Association with an award for its CAFR for each Fiscal year from 2010 to 2015.

### **Department of Human Resources**

The goal of the Human Resources Department (HR) is to ensure positive employee relations, job satisfaction and a safe workplace for all employees. HR administers employee benefits and processes hiring, retirement, termination, promotions and all other employment changes. The Department maintains accurate and confidential personnel records, and manages the Town's time and leave system. The Department also trains employees in compliance with labor and anti-discrimination laws and ensures that the Town complies with State civil service laws.

## Department of Information Technology (DoITT)

The Department of Information Technology and Telecommunications (DoITT) provides a secure, reliable voice and data technology environment. DoITT provides innovative, tactical, and strategic input on business systems by identifying, researching, recommending, and implementing new or improved technologies and processes for current and future business and operational needs. DoITT also provides a unified set of shared services to a broad range of Town entities, ultimately improving services for Town employees and constituents.

## 311 Call Center

The 311 Call Center is a centralized unit that answers inquiries from Town of North Hempstead constituents. The 311 Service Representatives are able to answer many queries from the public directly without transferring the call. With "One-Call-To-Town Hall" callers avoid having their calls transferred from department to department in order to get information or assistance. If the call representative cannot answer the question, they are able to transfer the caller to the correct individual, in the correct Town department which can provide the answer. The 311 Call Center also provides up to the minute information on Town special events, takes requests for assistance for seniors in connection with Project Independence and provides information during blizzards and hurricanes.

The system also provides an ability to measure how well services are delivered. Requests for service are entered into a work-order format and sent to the appropriate department for review and immediate processing. Those work-orders are tracked to ensure that requests are completed in a timely manner and that the constituent is satisfied.

Through the beginning of September of 2017 North Hempstead 311 has answered more than 1,717,000 constituent calls.

## **Parks and Recreation**

The Town has 52 active and passive parks administered by the Department of Park and Recreation (the Parks Department). The Parks Department's mission is to meet the leisure-time and health and fitness needs of the residents of North Hempstead while maintaining high quality facilities. The Parks and Recreation system includes 12 baseball fields, 20 basketball courts, 2 field-turf multi-purpose fields, 12 playgrounds, 37 tennis courts, and 2 boat ramps.

Among the Town's best known facilities are North Hempstead Beach Park (home to a multitude of concerts and festivals during the year), Manorhaven Park (which includes an outdoor pool, tennis courts, and a skate park), Clark Botanic Garden, Michael J. Tully Park (home to the Town's indoor pool, a fully-lighted and field-turfed outdoor athletic stadium, and ball fields), the "Yes We Can" Community Center (home to two regulation-size indoor basketball courts, a dance studio, a gym and community rooms) and the Harbor Links complex, with both a 18- hole championship and a 9-hole executive golf course, a driving range, miniature golf, a pro shop, athletic

fields and a full service banquet hall and restaurant. In 2017 the Town opened its newest park, Alvan O. Petrus Park in Port Washington. In 2016 a new greenhouse was constructed at Clark Botanic Gardens, increasing the Town's horticultural capabilities.

The Parks budget also now includes the Town's security division since most security activities involve the parks. This portion of the budget was moved out of Public Safety in 2016.

The Parks budget includes high levels of seasonal and part time employment, reflecting the fact that the summer months are the peak times for Parks activities.

### **Public Safety**

The Department of Public Safety consists of Code Enforcement, Parking Enforcement, the Animal Shelter, Harbor Patrol, and the Port Washington Public Parking District. Code Enforcement enforces Town laws, ordinances and regulations in the Town's unincorporated areas. These laws generally are aimed at keeping the Town's residential and commercial areas clean and safe. Inspectors respond to 311 calls about apparent violations in addition to coordinating with other Town Departments to identify Code violations. Violations are prosecuted in Nassau County District Court by the Town Attorney.

Parking Enforcement enforces the Town's Uniform Traffic Code, which restricts parking on streets and in certain shopping centers in the Town's unincorporated areas. Town parking tickets are adjudicated and collected by the Nassau County Traffic and Parking Violations Agency.

The Animal Shelter is responsible for the Town's dog shelter, enforcing local and State animal protection, control and licensing laws, and administering Town dog control services. Dogs are available for adoption from the Animal Shelter and the Shelter works closely with volunteers to support its mission. Each year the Town's Animal Shelter co-sponsors with the not-for-profit The Shelter Connection to offer free microchips to dogs and cats of Town residents through the "Pet Microchip Clinic." Additionally, the Animal Shelter, in conjunction with the Nassau County Department of Health, offered a free rabies clinic to the residents.

Harbor Patrol and our Bay Constables provide enforcement of the Town Code on the water ways, assists boaters in emergencies and promotes boater safety.

The Public Safety Division also staffs the Port Washington Parking District, which is a Town-run special district. The district has updated its parking tools. In 2016, the Town launched an online parking permit and voucher system. In 2016, 2,317 permits were purchased through the online system.

#### **Public Works**

The Department of Public Works (DPW) is responsible for most Town capital projects. The Administration Division coordinates and oversees the planning and development of Town capital projects, including the management of outside engineers, contractors and consultants.

The Engineering Division is responsible for the design and construction of Town road and drainage improvement projects, buildings, parks and beaches and any other public work improvements undertaken within the Town. This office also provides engineering advice to the Town Board and other Town departments. This division also implements compliance with the New York State Department of Environmental Conservation (NYSDEC) SPDES General Permit for storm water discharge from MS4.

The Highway Division is under the Department of Public Works, but is budgeted separately.

#### **Receiver of Taxes**

The Receiver of Taxes oversees the billing, collection, investment and distribution of taxes for the Town and the 46 Town and Commissioner-operated Special Districts located within it, Nassau County and County Special Districts, and 13 School Districts. The office bills over 73,500 parcels totaling nearly \$1.25 billion in taxes annually.

The Receiver is responsible for investing the tax funds in interest-bearing accounts in accordance with the New York State Municipal Code and the Town's Investment Policy. The Receiver's Office produces additional revenues for the Town through the collection of penalty monies and insufficient funds/returned check fees.

The Receiver's Office interacts with residents and property owners through the 311 Call Center and their visits to the Receiver's Office, assisting constituents with general tax, payments and customer service inquiries. Additionally, residents are provided with a comprehensive online information hub for all tax-related questions including an online bill pay option. During the collection periods, the Receiver's Office provides satellite collection sites throughout the Town and extended office hours.

## Supervisor's Office

N.

The Supervisor is the Chief Administrative and Financial Officer of the Town, and also serves as a voting member of the Town Board. As the head of the administrative branch of Town government, the Supervisor is responsible for the day-to-day operations of the Town, implementing, executing and enforcing all legislative actions of the Town Board, and the preparation, evaluation and recommendation of reports, information and material for Town Board action.

In this budget, certain functions are moved from other Departments to the Supervisor's office because of their importance to the Town. The function of purchasing, under the guidance of the newly-created position of Director of Purchasing, has been moved from Administrative Services and reports directly to the Deputy Supervisor. The grant management and Town Stat functions have been moved from the Comptroller's Office to the direct supervision of the Director of Finance. The Supervisor's Office also includes Public Information, Intermunicipal Coordination, Constituent Services and Legislative Affairs.

6

#### **Town Attorney**

The office of the Town Attorney provides legal representation, counsel and advice to the Town Board, Supervisor, operating departments and Town Agencies. Deputy Town Attorneys handle trials and appeals in lawsuits brought by and against the Town; Town Code enforcement; negotiation and drafting of contracts, intermunicipal agreements, licenses, franchises and other legal documents to which the Town is a party; labor relations and employment matters; advice as to the legal implications of contemplated policy, actions and administrative decisions; drafting of ordinances and local laws; Freedom of Information Law requests and appeals; and preparation of Town Board meeting agendas and drafting of Town Board resolutions.

The Town Attorney's Office handles all real estate transactions on behalf of the Town, preparing deeds, examining titles and conducting closings. It collects debts owed to the Town. The Office also prosecutes zoning and property maintenance violations of the Town Code.

The Office acts as counsel to the Board of Zoning and Appeals and various other Town boards and Commissions including the Solid Waste Management Authority, the Business Tourism Development Corporation, the Historic Landmark Preservation Committee and the Community Development Agency.

#### **Town Board**

The Town Board is the policy-making and governing body of the Town and consists of the Town Supervisor and six Town Board Members, elected from individual districts by Town of North Hempstead residents. The Town Board's mission is to provide effective leadership, set policy in order to deliver effective and efficient public services and oversee the financial health of the Town.

The Town has a significant focus on transparency in government and has made many changes to the way the Town Board meetings and agendas are presented, in order to make information easily available to residents. Specifically:

- Town board meetings are now broadcast live through the Town's website
- Before Town Board meetings, agendas, and proposed laws,, resolutions or ordinances are posted on the Town's website
- After Town Board meetings, related agendas with votes are posted

#### **Town Departments: TOV Fund**

### **Building Department**

The Building Department is responsible for the administration of the New York State and Town of North Hempstead Building Codes as they relate to property, buildings and construction within the unincorporated areas of the Town of North Hempstead.

The Building Department is comprised of an Inspection Section and an Enforcement Section. The Inspection Section is responsible for the intake of applications and the issuance of Building, Plumbing and Rental permits, as well as Public Assembly licenses. Members of the Inspection Section follow up on permits that have been issued and conduct safety inspections at job sites to ensure permitted work is being performed in compliance with the applicable State and Town Codes. Members of the Enforcement Section are trained to identify and investigate a variety of construction and illegal housing violations. Through a comprehensive inspection and investigation process, Town inspectors not only identify and bring violations into compliance, they help to ensure the safety of residents. Upon the successful completion of the inspection process and final review of the file, applicants are issued various certificates and licenses documenting that the permitted work has been done in compliance with State and Town codes.

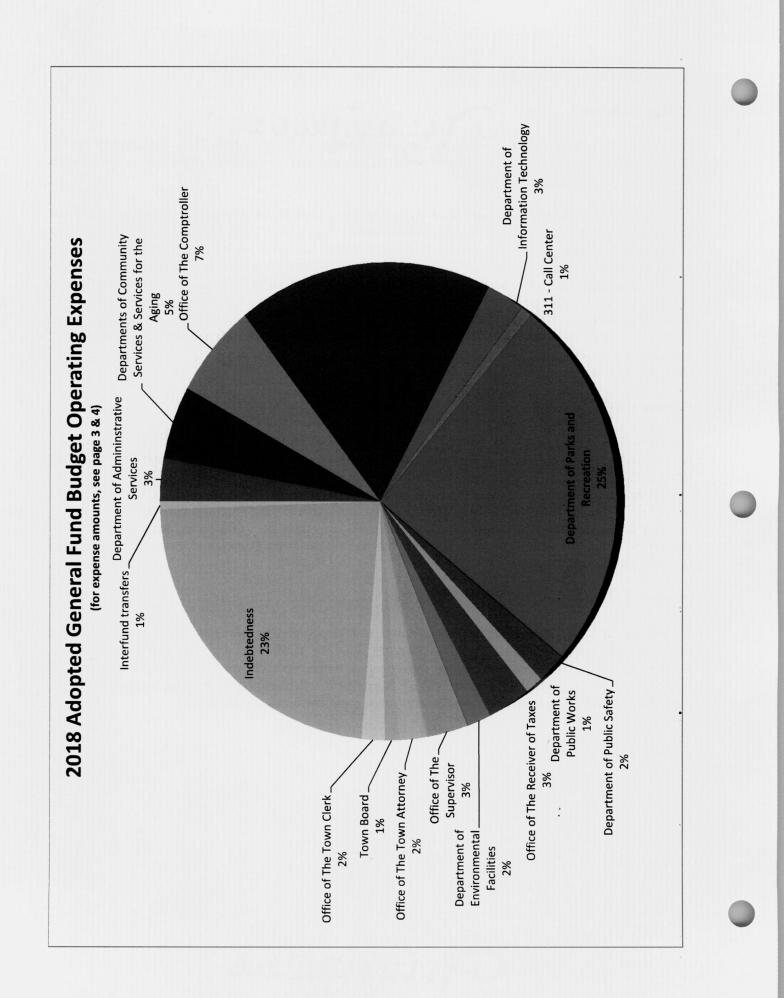

#### **Planning and Environmental Protection**

The Planning Department is primarily responsible for land use regulation, historic landmarks preservation, environmental impact review and public transportation issues. In addition to performing technical reviews of all major commercial, multi-family and institutional development proposals, the Department participates in the implementation of transportation, environmental and other capital projects, as well as any real estate transactions involving Town-owned land. The Department oversees the operations of the Historic Landmarks Preservation Commission, the Ecological Commission, and represents the Town on the Manhasset Bay and Hempstead Harbor Protection Committees. A separate division within the Department reviews all applications to the Board of Zoning Appeals.

#### Highway

The Highway Division is responsible for the maintenance and repair of more than 300 miles of Town roadways, including pavement and drainage maintenance, street sweeping, pothole repair, street sign installation and maintenance, tree removal and maintenance, snow removal, ice and flood control. The Highway Superintendent issues road opening permits for homeowners and/or contractors planning to perform work within the Town's right-of-way.
