9. **LATE BIDS/PROPOSALS** For purposes of Bid openings held and conducted by the Purchasing Division, a Bid must be received in such place as may be designated in the Bid Documents or if no place is specified to the Town of North Hempstead, Purchasing Division, 220 Plandome Road, Manhasset, New York 11030, at or before the date and time established in the Bid Specifications for the Bid opening.

Any Bid received at the specified location after the time specified will be considered a late Bid. A late Bid shall not be considered for award unless: (i) no timely Bids meeting the requirements of the Bid Documents are received or, (ii) in the case of a multiple award, an insufficient number of timely Bids were received to satisfy the multiple award; and acceptance of the late Bid is in the best interests of the Authority. Delays in United States mail deliveries or any other means of transmittal, including couriers or agents of the Authority shall not excuse late Bid submissions. Similar types of delays, including but not limited to, bad weather or security procedures for parking and building admittance shall not excuse late Bid submissions. Determinations relative to Bid timeliness shall be at the sole discretion of the Director.

10. **BID/PROPOSAL CONTENTS** Bids/Proposals must be complete and legible. All Bids/proposals must be signed. All information required by the Bid Specifications must be supplied by the Bidder/Proposer on the forms or in the format specified. No alteration, erasure or addition is to be made to the Bid Documents. Changes may be ignored by the Director or may be grounds for rejection of the Bid. Changes, corrections and/or use of white-out in the Bid or Bidder's/Proposer's response portion of the Bid Document must be initialed by an authorized representative of the Bidder/Proposer. Bidders/Proposers are cautioned to verify their Bids/Proposals before submission, as amendments to Bids or requests for withdrawal of Bids/Proposals received by the Director after the time specified for the Bid opening/date of submission of RFP, may not be considered.

11. **EXTRANEOUS TERMS** Bids/Proposals must conform to the terms set forth in the Bid Documents, as extraneous terms or material deviations (including additional, inconsistent, conflicting or alternative terms) may render the Bid/Proposal non-responsive and may result in rejection of the Bid/Proposal.

Extraneous term(s) submitted on standard, pre-printed forms (including but not limited to: product literature, order forms, license agreements, contracts or other documents) that are attached or referenced with submissions shall not be considered part of the Bid or resulting Contract, but shall be deemed included for informational or promotional purposes only.

No extraneous term(s), whether or not deemed "material," shall be incorporated into a Contract or Purchase Order unless the Director expressly accepts each such term(s) in writing. Acceptance and/or processing of the Bid shall not constitute such written acceptance of Extraneous Term(s).

12. **CONFIDENTIAL/TRADE SECRET MATERIALS** Contractor confidential trade secret or proprietary materials as defined by the laws of the State of New York must be clearly marked and identified as such upon submission by the Bidder. Marking the Bid as "confidential" or "proprietary" on its face or in the document header or footer shall not be considered by the Director to be sufficient without specific justification as to why disclosure of particular information in the Bid would cause substantial injury to the competitive position of the Bidder. Bidders/Contractors intending to seek an exemption from disclosure of these materials under the Freedom of Information Law must request the exemption in writing, setting forth the reasons for the claimed exemption. Acceptance of the claimed materials does not constitute a determination on the exemption request, which determination will be made in accordance with statutory procedures. Properly identified information that has been designated confidential, trade secret, or proprietary by the Bidder will not be disclosed except as may be required by the Freedom of Information Law or other applicable State and federal laws.

13. **RELEASE OF BID EVALUATION MATERIALS** Requests concerning the evaluation of Bids may be submitted under the Freedom of Information Law.

14. **FREEDOM OF INFORMATION LAW** During the evaluation process, the content of each Bid will be held in confidence and details of any Bid will not be revealed (except as may be required under the Freedom of Information Law or other State law). The Freedom of Information Law provides for an exemption from disclosure for trade secrets or information the disclosure of which would cause injury to the competitive position of commercial enterprises. This exception would be effective both during and after the evaluation process. If the Bid contains any such trade secret or other confidential or proprietary information, it must be accompanied in the Bid with a written request to the Director to not disclose such information. Such request must state with particularity the reasons why the information should not be available for disclosure and must be provided at the time of submission of the Bid. Notations in the header, footer or watermark of the Bid Document will not be considered sufficient to constitute a request for non-disclosure of trade secret or other confidential or proprietary information. Where a Freedom of Information request is made for trademark or other confidential or proprietary information, the Director reserves the right to determine upon written notice to the Bidder whether such information qualifies for the exemption for disclosure under the law. Notwithstanding the above, where a Bid tabulation is prepared and Bids publicly opened, such Bid tabulation shall be available upon request.

15. **PREVAILING WAGE RATES - PUBLIC WORKS AND BUILDING SERVICES CONTRACTS** If any portion of work being Bid is subject to the prevailing wage rate provisions of the Labor Law, the following shall apply:

A. **"Public Works" and "Building Services" - Definitions**

i. **Public Works** Labor Law Article 8 applies to contracts for public improvement in which laborers, workers or mechanics are employed on a "public works" project (distinguished from public "procurement" or "service" contracts). The Authority, a public benefit corporation, a municipal corporation (including a school district), or a commission appointed by law must be a party to the Contract. The wage and hours provision applies to any work performed by Contractor or Subcontractors.

ii. **Building Services** Labor Law Article 9 applies to Contracts for building service work over \$1,500 with a public agency, that: (i) involve the care or maintenance of an existing building, or (ii) involve the transportation of office furniture or equipment to or from such building, or (iii) involve

the transportation and delivery of fossil fuel to such building, and (iv) the principal purpose of which is to furnish services through use of building service employees.

B. **Prevailing Wage Rate Applicable to Bid Submissions** A copy of the applicable prevailing wage rates to be paid or provided are annexed to the Bid Documents. Bidders must submit Bids which are based upon the prevailing hourly wages, and supplements in cash or equivalent benefits (i.e., fringe benefits and any cash or non-cash compensation which are not wages, as defined by law) that equal or exceed the applicable prevailing wage rate(s) for the location where the work is to be performed. Bidders may not submit Bids based upon hourly wage rates and supplements below the applicable prevailing wage rates as established by the New York State Department of Labor. Bids that fail to comply with this requirement will be disqualified.

C. **Wage Rate Payments / Changes During Contract Term**. The wages to be paid under any resulting Contract shall not be less than the prevailing rate of wages and supplements as set forth by law. It is required that the Contractor keep informed of all changes in the Prevailing Wage Rates during the Contract term that apply to the classes of individuals supplied by the Contractor on any projects resulting from this Contract, subject to the provisions of the Labor Law. Contractor is solely liable for and must pay such required prevailing wage adjustments during the Contract term as required by law.

D. **Public Posting and Certified Payroll Records** In compliance with Article 8, Section 220 of the New York State Labor Law:

i. **Posting** The Contractor must publicly post on the work site, in a prominent and accessible place, a legible schedule of the prevailing wage rates and supplements.

ii. **Payroll Records** Contractors and Subcontractors must keep original payrolls or transcripts subscribed and affirmed as true under the penalties of perjury as required by law. For public works contracts over \$25,000 where the Contractor maintains no regular place of business in New York State, such records must be kept at the work site. For building services contracts, such records must be kept at the work site while work is being performed.

iii. **Submission of Certified Payroll Transcripts for Public Works Contracts Only** Contractors and Subcontractors on public works projects must submit monthly payroll transcripts to the Authority that has prepared or directs the preparation of the plans and specifications for a public works project, as set forth in the Bid Specifications. Upon mutual agreement of the Contractor and the Authorized User, the form of submission may be submitted in a specified disk format acceptable to the Department of Labor provided: (1) the Contractor/Subcontractor retains the original records; and, (2) an original signed letter by a duly authorized individual of the Contractor or Subcontractor attesting to the truth and accuracy of the records accompanies the disk. This provision does not apply to Article 9 of the Labor Law building services contracts.

iv. **Records Retention** Contractors and Subcontractors must preserve such certified transcripts for a period of three years from the date of completion of work on the awarded contract.

E. **Day's Labor** Eight hours shall constitute a legal day's work for all classes of employees in this state except those engaged in farm and domestic service unless otherwise provided by law.

No laborers, workmen or mechanics in the employ of the Contractor, Subcontractor or other person doing or contracting to do all or part of the work contemplated by the Contract shall be permitted or required to work more than eight hours in any one calendar day or more than five calendar days in any one week except in cases of extraordinary emergency including fire, flood or danger to life or property. "Extraordinary emergency" shall be deemed to include situations in which sufficient laborers, workers and mechanics cannot be employed to carry on public work expeditiously as a result of such restrictions upon the number of hours and days of labor and the immediate commencement or prosecution or completion without undue delay of the public work is necessary in the judgment of the New York State Commissioner of Labor for the preservation of the Contract site or for the protection of the life and limb of the persons using the Contract site.

16. APPRENTICESHIP TRAINING PROGRAMS PUBLIC WORKS AND BUILDING SERVICES CONTRACTS

Any Bidder/Contractor entering into a Contract with the Authority for public work or building services, or any sub-contractor entering into a sub-contract with a Contractor who has a Contract with the Authority for public work or building services, shall submit verification that they have in-place or will participate in an apprenticeship training program appropriate for the type and nature of work to be performed which have been registered with and approved by the New York State Commission of Labor, pursuant to §816-b of the New York State Labor Law, any provision contained in §103 of the General Municipal Law to the Bidder/Contractor notwithstanding.

A sub-contractor entitled to receive less than \$20,000 from a Bidder/Contractor sub-contract is exempt from the requirement set forth herein.

17. TAXES

A. Unless otherwise specified in the Bid Specifications or Contract, the quoted Bid price includes all taxes applicable to the transaction.

B. Purchases made by the Authority are exempt from New York State sales and excise taxes. These taxes are not to be included in Bids. This exemption does not, however, apply to tools, machinery, equipment or other property, sold or leased to the Contractor or a subcontractor, or to materials and supplies of a kind which will not be incorporated into the completed Product, and the Contractor and his subcontractors shall be responsible for and pay any and all applicable taxes including Sales and Compensating Use Taxes, on such leased tools, machinery, equipment or other property or on such unincorporated materials and supplies, and the provisions set forth below will not be applicable to such tools, machinery, equipment, property and unincorporated materials and supplies.

C. New York State Truck Mileage and Unemployment Insurance or Federal Social Security taxes remain the sole responsibility of the Bidder/Contractor, as no person, firm or corporation is exempt from paying them.

D. Pursuant to Revised Tax Law 5-a, Contractor will be required to furnish sales tax certification on its behalf and for its affiliates, and subcontractors for Contracts with a value greater than \$100,000 in accordance with provisions of the law.

18. PRODUCT REFERENCES

A. **Trade Customs** There shall be no inferences to trade customs, terms, discounts or conditions on sale applicable, which are not specifically expressed in the specifications and proposals on which the award is based nor contrary to the State Finance Law.

B. **"Or Equal"** In all Bid Specifications the words "or equal" are understood to apply where a copyrighted, brand name, trade name, catalog reference, or patented Product is referenced. References to such specific Product are intended as descriptive, not restrictive, unless otherwise stated.

Comparable Product will be considered if proof of compatibility is provided, including appropriate catalog excerpts, descriptive literature, specifications and test data, etc. The Director's decision as to acceptance of the Product as equal shall be final.

C. **Discrepancies in References** In the event of a discrepancy between the model number referenced in the Bid Specifications and the written description of the Products which cannot be reconciled, with respect to such discrepancy, then the written description shall prevail.

19. **REMANUFACTURED, RECYCLED, RECYCLABLE OR RECOVERED MATERIALS** Upon the conditions specified in the Bid Specifications and in accordance with the laws of the State of New York, Contractors are encouraged to use recycled, recyclable or recovered materials in the manufacture of Products and packaging to the maximum extent practicable without jeopardizing the performance or intended end use of the Product or packaging unless such use is precluded due to health, welfare, safety requirements or in the Bid Specifications. Contractors are further encouraged to offer remanufactured Products to the maximum extent practicable without jeopardizing the performance or intended end use of the Product and unless such use is precluded due to health, welfare, safety requirements or by the Bid Specifications. Where such use is not practical, suitable, or permitted by the Bid Specifications, Contractor shall deliver new materials in accordance with the "Warranties" set forth below.

Items with recycled, recyclable, recovered, refurbished or remanufactured content must be identified in the Bid or Bidder will be deemed to be offering new Product.

20. **PRODUCTS MANUFACTURED IN PUBLIC INSTITUTIONS** Bids offering Products that are manufactured or produced in public institutions will be rejected.

21. **PRICING**

A. **Unit Pricing** If required by the Bid Specifications, the Bidder should insert the price per unit specified and the price extensions in decimals, not to exceed four places for each item unless otherwise specified, in the Bid. In the event of a discrepancy between the unit price and the extension, the unit price shall govern unless, in the sole judgment of the Director, such unit pricing is obviously erroneous.

B. **Net Pricing** Unless otherwise required by the Bid Specifications, prices shall be net, including transportation, customs, tariff, delivery and other charges fully prepaid by the Contractor to the destination(s) indicated in the Bid Specifications, subject to the cash discount.

C. **"No Charge" Bid** When Bids are requested on a number of Products as a Group or Lot, a Bidder desiring to Bid "no charge" on a Product in the Group or Lot must clearly indicate such. Otherwise, such Bid may be considered incomplete and be rejected, in whole or in part, at the discretion of the Director.

D. **Educational Pricing** All Products to be supplied for educational purposes that are subject to educational discounts shall be identified in the Bid and such discounts shall be made available to qualifying institutions.

E. **Third Party Financing** If Product acquisitions are financed through any third party financing, Contractor may be required as a condition of Contract Award to agree to the terms and conditions of a "Consent & Acknowledgment Agreement" in a form acceptable to the Director.

F. **Best Pricing Offer** During the Contract term, if substantially the same or a smaller quantity of a Product is sold by the Contractor outside of this Contract upon the same or similar terms and conditions as that of this Contract at a lower price to a federal, state or local governmental entity, the price under this Contract, at the discretion of the Director, shall be immediately reduced to the lower price. Price decreases shall take effect automatically during the Contract term and apply to Purchase Orders submitted on or after:

(i) GSA Changes: Where Authority Net Prices are based on an approved GSA Schedule, the date the approved GSA Schedule pricing decreases during the Contract term; or

(ii) Commercial Price List Reductions: Where Authority Net Prices are based on a discount from Contractor's list prices, the date Contractor lowers its pricing to its customers generally or to similarly situated government customers during the Contract term; or

(iii) Special Offers/Promotions Generally: Where Contractor generally offers more advantageous special price promotions or special discount pricing to other customers during the Contract term for a similar quantity, and the maximum price or discount associated with such offer or promotion is better than the discount or Net Price otherwise available under this Contract, such better price or discount shall apply for similar quantity transactions under this Contract for the life of such general offer or promotion.

G. **Best and Final Prices** As specified in the Bid Documents and Contract, a Contractor may be solicited at the time of issuance of a Purchase Order award for best and final pricing for the Product or service to be delivered to the Authority. Contractors are encouraged to reduce their pricing upon receipt of such request.

22. **DRAWINGS**

A. **Drawings Submitted With Bid** When the Bid Specifications require the Bidder to furnish drawings and/or plans, such drawings and/or plans shall conform to the mandates of the Bid Documents and shall, when approved by the Director, be considered a part of the Bid and of any resulting Contract. All symbols and other representations appearing on the drawings shall be considered a part of the drawing.

i. **Standard Practices** In performing the services required under the Bid Specifications/Contract, the Bidder/Contractor shall follow and adhere to the following standard Authority practices. The following practices may be supplemented or modified, in writing, by the Director.

a. All work shall be in charge of an Engineer, Surveyor or Architect (as appropriate) duly licensed and registered in the State of New York, and experienced in the type of work to be performed for the Authority.

b. Any and all reports shall be of 8½" x 11" format with the 11" dimension being the vertical size. Cover and binding shall be as specified by the Authority. Oversize exhibits (if required) shall be foldouts or shall be contained within a "Pocket" bound into the report.

c. Any specifications shall: (i) Be of 8½" x 11" format; (ii) Be printed, and color coded, in accordance with standard Authority practice;

(d) Have a cover with content and format which shall conform to current Authority practices.

d. The word "plans" shall be synonymous with the words "drawings". Any plans shall: (i) Have a title sheet conforming to current Authority practice; (ii) Be signed and sealed by an Engineer, Surveyor or Architect (as appropriate) duly licensed and registered in the State of New York on the title sheet; (iii) Be ink on mylar, or be an accurate photographic mylar reproduction of any work originally done in pencil; (iv) Be of the following size:

(a) 8½" x 11", or fold-out multiples thereof, if to be bound into the specifications book, subject to approval by the Director.

(b) A minimum of 22" x 36" to a maximum of 36" x 48" to be approved by the Director.

(c) CADD generated drawings shall be plotted on mylar reproducibles and the CADD files shall be additionally provided to the Authority on disc in a format acceptable to the Authority.

e. Notwithstanding any of these provisions, the Bidder/Contractor shall, in all cases, conform to any special requirements of other government agencies where such conformity is a required condition for funding, grant approval, or submission/approval of applications and the like.

B. Ownership of Documents All completed original tracings and the original master specification sheets shall constitute the property of the Authority but may, during the course of the performance of the work required by the Bid Specification/Contract, remain in custody of the Contractor unless otherwise directed by the Director. In the event of any revisions in specifications or original drawings, the Contractor shall submit two revised copies to the Director.

C. Surrender of Documents Upon termination or completion of the Contract, the Contractor shall surrender, within fifteen (15) days to the Director (as applicable), all data, reports, maps, surveys, material specifications, contacts, budgets, salary schedules, time records, plans, tracings, sketches, charts, photographs and exhibits prepared, developed or kept in connection with or as a part of this project. This section does not apply to any records or documents pertaining to the operation of the Contractor's business. The Contractor may retain in its possession copies of those records or documents, which it considers necessary for proof of performance.

D. Drawings Submitted During the Contract Term Where the Contract require the Contractor to develop, maintain and deliver diagrams or other technical schematics regarding the scope of work, Contractor shall do so on an ongoing basis at no additional charge, and must, as a condition of payment, update drawings and plans during the Contract term to reflect additions, alterations, and deletions. Such drawings and diagrams shall be delivered to the Authority's representative and shall be in accordance with the requirements set forth in Section 22(A).

E. Accuracy of Drawings Submitted All drawings shall be neat and of professional quality and technical accuracy. The drawings shall coordinate all designs, drawings, specifications and other services furnished by the Bidder/Contractor under the Bid Specifications/Contract. The Contractor shall, without additional compensation, correct or revise any errors or deficiencies in its designs, drawings, specifications, and other services, unless otherwise agreed upon by the Director. Neither the Authority's review, approval or acceptance of, nor payment for, the drawings under this contract shall be construed to operate as a waiver of any rights under the Contract or of any cause of action arising out of the performance of the Contract, and the Contractor shall be and remain liable to the Authority in accordance with applicable law for all damages to the Authority caused by the Contractor's negligent performance or breach of contract of any of the services furnished under the Contract. The rights and remedies of the Authority provided for in the Contract are in addition to any other rights and remedies provided by law.

F. Claims In the event that any claim is made or any action brought in any way relating to the plans and specifications drawn by the Contractor, the Contractor will diligently render to the Authority any and all assistance, which the Authority may require of the Contractor at the Contractor's sole cost and expense. None of the above shall be deemed in any way a waiver of the Contractor's responsibility for the information provided by his (its) drawings, specifications and work.

23. LABORATORY WORK If any portion of work being Bid is subject to laboratory testing, the following shall apply:

A. Any and all testing work required under this Contract shall be subject to the approval of the Director prior to undertaking any such testing program.

B. The Director will determine if it is in the best interests of the Authority to use the facilities of private testing laboratories or those of public agencies such as the Nassau County Department of Public Works, or a combination of both.

C. The Contractor shall review the testing results and shall state, in writing, that they are acceptable or unacceptable.

D. If private testing laboratories are used, the Contractor shall process the claims for payment and shall submit its certification that the amount of the claim is reasonable and proper.

24. SITE INSPECTION Where a site inspection is required by the Bid Specifications or Project Definition, Bidder shall be required to inspect the site, including environmental or other conditions for pre-existing deficiencies that may affect the installed Product, equipment, or environment or services to be provided and, which may affect Bidder's ability to properly deliver, install or otherwise provide the required Product. All inquiries regarding such conditions shall be made in writing. Bidder shall be deemed to have knowledge of any deficiencies or conditions which such inspection or inquiry might have disclosed. Bidder must provide a detailed explanation with its Bid if additional work is required under this clause in order to properly complete the delivery and installation of the required Product or provide the requested service.

25. SAMPLES

A. **Standard Samples** Bid Specifications may indicate that the Product to be purchased must be equal to a standard sample on display in a place designated by the Director and such sample will be made available to the Bidder for examination prior to the opening date. Failure by the Bidder to examine such sample shall not entitle the Bidder to any relief from the conditions imposed by the Bid Specifications.

B. **Bidder Supplied Samples** The Director reserves the right to request from the Bidder/Contractor a representative sample(s) of the Product offered at any time prior to or after award of a contract. Unless otherwise instructed, samples shall be furnished within the time specified in the request. Untimely submission of a sample may constitute grounds for rejection of Bid or cancellation of the Contract. Samples must be submitted free of charge and be accompanied by the Bidder's name and address, any descriptive literature relating to the Product and a statement indicating how and where the sample is to be returned. Where applicable, samples must be properly labeled with the appropriate Bid or Contract reference.

A sample may be held by the Director during the entire term of the Contract and for a reasonable period thereafter for comparison with deliveries. At the conclusion of the holding period the sample, where feasible, will be returned as instructed by the Bidder, at the Bidder's expense and risk. Where the Bidder has failed to fully instruct the Director as to the return of the sample (*i.e.*, mode and place of return, etc.) or refuses to bear the cost of its return, the sample shall become the sole property of the receiving entity at the conclusion of the holding period.

C. **Enhanced Samples** When an approved sample exceeds the minimum specifications, all Product delivered must be of the same enhanced quality and identity as the sample. Thereafter, in the event of a Contractor's default, the Director may procure a Product substantially equal to the enhanced sample from other sources, charging the Contractor for any additional costs incurred.

D. **Conformance with Sample(s)** Submission of a sample (whether or not such sample is tested by, or for, the Director) and approval thereof shall not relieve the Contractor from full compliance with all terms and conditions, performance related and otherwise, specified in the Bid Specifications.

If in the judgment of the Director the sample or product submitted is not in accordance with the specifications or testing requirements prescribed in the Bid Specifications, the Director may reject the Bid. If an award has been made, the Director may cancel the Contract at the expense of the Contractor.

E. **Testing** All samples are subject to tests in the manner and place designated by the Director, either prior to or after Contract award. Unless otherwise stated in the Bid Specifications, Bidder samples consumed or rendered useless by testing will not be returned to the Bidder. Testing costs for samples that fails to meet Contract requirements may be at the expense of the Contractor.

SAMPLES MUST BE SUBMITTED IN STRICT ACCORDENCE WITH THIS SECTION. THE AUTHORITY RETAINS THE ABSOLUTE RIGHT TO REJECT ANY BID FOR FAILURE TO COMPLY WITH THIS SECTION.

BID EVALUATION

26. **BID EVALUATION** The Director reserves the right to accept or reject any and all Bids, or separable portions of offers, and waive technicalities, irregularities, and omissions if the Director determines the best interests of the Authority will be served. The Director, in his/her sole discretion, may accept or reject illegible, incomplete or vague Bids and his/her decision shall be final. A conditional or revocable Bid which clearly communicates the terms or limitations of acceptance may be considered, and Contract award may be made in compliance with the Bidder's conditional or revocable terms in the offer.

27. **CONDITIONAL BID** Unless the Bid Specifications provides otherwise, a Bid is not rendered non-responsive if the Bidder specifies that the award will be accepted only on all or a specified group of items or Product included in the specification. It is understood that nothing herein shall be deemed to change or alter the method of award contained in the Bid Documents.

28. **CLARIFICATIONS / REVISIONS** Prior to award, the Director reserves the right to seek clarifications, request Bid revisions, or to request any information deemed necessary for proper evaluation of Bids from all Bidders deemed to be eligible for Contract award. Failure to provide requested information may result in rejection of the Bid.

29. **EQUIVALENT OR IDENTICAL BIDS** In the event that two or more Bidders submit substantially equivalent Bids as to pricing or other factors, the decision of the Director to award a Contract to one or more of such Bidders shall be final.

30. **PROMPT PAYMENT DISCOUNTS** While prompt payment discounts will not be considered in determining the low Bid, the Director may consider any prompt payment discount in resolving Bids which are otherwise tied. However, any notation indicating that the price is net, (*e.g., net 30 days*), shall be understood to mean only that no prompt payment discount is offered by the Bidder. The imposition of service, interest, or other charges, except as otherwise permitted by law, may render the Bid non-responsive and may be cause for its rejection.

31. **PERFORMANCE AND RESPONSIBILITY QUALIFICATIONS** The Director reserves the right to investigate or inspect at any time whether or not the Product, services, qualifications or facilities offered by the Bidder/Contractor meet the requirements set forth in the Bid Specifications/Contract or as set forth during Contract negotiations. Contractor shall at all times during the Contract term remain responsible and responsive. If the Director determines that the conditions and terms of the Bid Documents, Bid Specifications or Contract are not complied with, or that items, services or Product proposed to be furnished do not meet the specified requirements, or that the legal authority, integrity experience, ability, prior performance, organization and financial capacity or facilities are not satisfactory, the Director may reject such Bid or terminate the Contract.

32. **QUANTITY CHANGES PRIOR TO AWARD** The Director reserves the right, at any time prior to the award of a specific quantity Contract, to alter in good faith the quantities listed in the Bid Specifications. In the event such right is exercised, the lowest responsible Bidder meeting Bid Specifications will be advised of the revised quantities and afforded an opportunity to extend or reduce its Bid price in relation to the changed quantities. Refusal by the low Bidder to so extend or reduce its Bid price may result in the rejection of its Bid and the award of such Contract to the lowest responsible Bidder who accepts the revised qualifications.

33. **TIMEFRAME FOR OFFERS** The Director reserves the right to make awards within forty-five (45) days after opening of Bids, during which period, Bids must remain firm and cannot be withdrawn. Any Bid which expressly states therein that acceptance must be made within a shorter specified time, may at the sole discretion of the Director, be accepted or rejected.

TERMS & CONDITIONS

34. **CONTRACT CREATION / EXECUTION** Subject to Award and upon receipt of all required approvals as set forth in the Bid Specifications, a Contract shall be deemed executed and created with the successful Bidder(s), upon receipt of: (A) a fully executed Contract; or (B) a Purchase Order authorized by the Director.

35. **MODIFICATION OF CONTRACT TERMS** The terms and conditions set forth in the Contract shall govern all transactions by and between the Authority and the Contractor under this Contract. The Contract may only be modified or amended upon mutual written agreement of the Director and Contractor.

The Contractor may, however, offer more advantageous pricing, payment, or other terms and conditions than those set forth in the Contract. In such event, a copy of such terms shall be furnished to the Director by the Contractor at the time of such offer.

Other than where such terms are more advantageous for the Authority than those set forth in the Contract, no alteration or modification of the terms of the Contract, including substitution of Product, shall be valid or binding against the Authority unless authorized by the Director. No such

alteration or modification shall be made by unilaterally affixing such terms to Product upon delivery (including, but not limited to, attachment or inclusion of standard pre-printed order forms, product literature, "shrink wrap" terms accompanying software upon delivery, or other documents) or by incorporating such terms onto order forms, purchase orders or other documents forwarded by the Contractor for payment, notwithstanding the Authority's subsequent acceptance of Product, or that the Authority has subsequently processed such document for approval or payment.

36. SCOPE CHANGES The Director reserves the right, unilaterally, to require, by written order, changes by altering, adding to or deducting from the Bid Specifications, such changes to be within the general scope of the Contract. The Director may make an equitable adjustment in the Contract price or delivery date if the change affects the cost or time of performance. Such equitable adjustments require the consent of the Contractor, which consent shall not be unreasonably withheld.

37. ESTIMATED / SPECIFIC QUANTITY CONTRACTS Estimated quantity contracts are expressly agreed and understood to be made for only the quantities, if any, actually ordered during the Contract term. No guarantee of any quantity(s) is implied or given. The Authority will neither be compelled to order any quantities of any item nor will it be limited to the quantity indicated for any item. The quantity to be ordered will be such as may actually be required, as determined by the Authority. *The Authority retains the absolute right to reject any Bid which expressly imposes a minimum order quantity or minimum dollar amount.* Purchases by the Authority from Contracts for services and technology are voluntary.

38. EMERGENCY CONTRACTS In the event that a disaster emergency is declared by the Authority, or it determines that an emergency exists requiring the prompt and immediate delivery of Product, the Authority reserves the right to obtain such Product from any source, including but not limited to this Contract(s), as the Authority in its sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for Product procured from other sources pursuant to this paragraph.

39. PURCHASE ORDERS Unless otherwise authorized in writing by the Director, no Product is to be delivered or furnished by Contractor until transmittal of an official Purchase Order from the Authority. Unless terminated or cancelled pursuant to the authority vested in the Authority, Purchase Orders shall be effective and binding upon the Contractor when placed in the mail or electronically transmitted prior to the termination of the contract period, addressed to the Contractor at the address for receipt of orders set forth in the Contract or in the Award.

All Purchase Orders issued pursuant to Contracts let by the Director must bear the appropriate Contract number. As deemed necessary, the Authority may confirm pricing and other Product information with the Contractor prior to placement of the Purchase Order. The Authority reserves the right to require any other information from the Contractor which the Authority deems necessary in order to complete any Purchase Order placed under the Contract. Should the Authority add written terms and conditions to the Purchase Order that conflict with the terms and conditions of the Contract, the Contractor has the option of rejecting the Purchase Order within *five business days* of its receipt but shall first attempt to negotiate the additional written terms and conditions in good faith with the Authority, or fulfill the Purchase Order. Notwithstanding the above, the Authority reserves the right to dispute any discrepancies arising from the presentation of additional terms and conditions with the Contractor.

40. PRODUCT DELIVERY Delivery must be made as ordered to the address specified in a schedule of locations as indicated on the Purchase Order and in accordance with the terms of the Contract. Unless otherwise specified in the Bid Documents/Bid Specifications, delivery shall be made within *thirty calendar days* after receipt of a Purchase Order by the Contractor.

The decision of the Director as to compliance with delivery terms shall be final. The burden of proof for delay in receipt of Purchase Order shall rest with the Contractor. In all instances of a potential or actual delay in delivery, the Contractor shall immediately notify the Director, and confirm in writing the explanation of the delay, and take appropriate action to avoid any subsequent late deliveries. Any extension of time for delivery must be requested in writing by the Contractor and approved in writing by the Authority. Failure to meet such delivery time schedule may be grounds for cancellation of the order or, in the Director's discretion, the Contract.

The Authority further reserves the absolute right to authorize the immediate purchase of the Product from other sources. Purchase from other sources (without recourse to and by the Contractor for the costs and expenses thereof) to replace all or part of the Products which are the subject of the delay, may be deducted from the Contract quantities without penalty or liability to the Authority. The Contractor shall promptly reimburse the Authority for any excess cost incurred in replacing all or part of the Products which are the subject of the delay. The Contractor shall have no claim against the Authority for the difference in cost where the cost of the purchase is less than that provided in the Contract.

41. WEEKEND AND HOLIDAY DELIVERIES Unless otherwise specified in the Bid Specifications or by the Authority, deliveries will be scheduled for ordinary business hours, Monday through Friday (excluding legal holidays observed by the Authority). Unless otherwise agreed, items purchased at a price

F.O.B. Shipping point plus transportation charges shall not relieve the Contractor from responsibility for safe and proper delivery notwithstanding the Authority's payment of transportation charges. Contractor shall be responsible for ensuring that the Bill of Lading states "charges prepaid" for all shipments.

C. Receipt of Product The Contractor shall be solely responsible for assuring that deliveries are made to personnel authorized to accept delivery on

behalf of the Authority. Any losses resulting from the Contractor's failure to deliver Product to authorized personnel shall be borne exclusively by the Contractor.

43. TITLE AND RISK OF LOSS Notwithstanding the form of shipment, title or other property interest, risk of loss shall not pass from the Contractor to the Authority until the Products have been received, inspected and accepted by the receiving entity. Acceptance shall occur within a reasonable time or in accordance with such other defined acceptance period as may be specified in the Bid Specifications or Purchase Order. Mere acknowledgment by Authority personnel of the delivery or receipt of goods (*e.g., signed bill of lading*) shall not be deemed or construed as acceptance of the Products received. Any delivery of Product that is substandard or does not comply with the Bid Specifications or Contract terms and conditions, may be rejected or accepted on an adjusted price basis, as determined by the Director.

44. RE-WEIGHING PRODUCT Deliveries are subject to re-weighing at the point of destination by the Authority. If shrinkage occurs which exceeds that normally allowable in the trade, the Authority shall have the option to require delivery of the difference in quantity or to reduce the payment accordingly. Such option shall be exercised in writing by the Authority.

Unless otherwise specified, any substitution of Product prior to the Director's written approval may be cause for cancellation of Contract.

46. REJECTED PRODUCT When Product is rejected, it must be removed by the Contractor from the premises of the Authority within ten calendar days of notification of rejection by the Authority. Upon notification of rejection, risk of loss of rejected or non-conforming Product shall remain with Contractor. Rejected items not removed by the Contractor within ten calendar days of notification shall be regarded as abandoned by the Contractor, and the Authority shall have the right to dispose of Product as its own property. The Contractor shall promptly reimburse the Authority for any and all costs and expenses incurred in storage or effecting removal or disposition after the ten-calendar day period.

47. INSTALLATION Where installation is required, Contractor shall be responsible for placing and installing the Product in the required locations. All materials used in the installation shall be of good quality and shall be free from any and all defects that would mar the appearance of the Product or render it structurally unsound. Installation includes the furnishing of any equipment, rigging and materials required to install or place the Product in the proper location. The Contractor shall protect the Site from damage for all its work and shall repair damages or injury of any kind caused by the Contractor, its employees, officers or agents.

If any alteration, dismantling or excavation, etc. is required to effect installation:

A. The Contractor shall promptly restore the structure or site following alteration, dismantling or excavation, etc. Upon completion of the work, the building and surrounding area of work shall be left clean and in a neat, unobstructed condition, and everything in satisfactory repair and order.

B. Work shall be performed to cause the least inconvenience to the Authority and with proper consideration for the rights of other Contractors or workers. The Contractor shall promptly perform its work and shall coordinate its activities with those of other Contractors.

C. The Contractor shall be responsible for daily clean up of all wastes of every kind arising from all activity at the work site, including but not limited to dust, refuse, rubbish garbage, scrap metal, construction debris and packaging material, etc., so that the work site shall present a safe, neat, orderly and workmanlike appearance at all times.

D. The Contractor shall clean up and remove all debris and rubbish from its work as required or directed in accordance with all Federal, State and Local Laws and Regulations governing the disposal of materials, debris, rubbish and trash on or off the site. Each Contractor shall provide applicable certifications and affidavits of proper disposals as requested by the Authority. Burying or burning of any material will not be permitted.

E. The Contractor shall further be responsible for the removal and legal disposal of any other type of waste material resulting from this contract as well as for any and all costs associated with such proper and legal disposal of these materials. No separate payment will be made for this disposal. Any costs thereof shall be included within the unit price costs for the Contract Items.

48. REPAIRED OR REPLACED PARTS / COMPONENTS Where the Contractor is required to repair, replace or substitute Product or parts or components of the Product under the Contract, the repaired, replaced or substituted Products shall be subject to all terms and conditions for new parts and components set forth in the Contract including Warranties, as set forth in the Additional Warranties Clause herein. Replaced or repaired Product or parts and components of such Product shall be new and shall, if available, be replaced by the original manufacturer's component or part. Remanufactured parts or components meeting new Product standards may be permitted by the Authority. Before installation, all proposed substitutes for the original manufacturer's installed parts or components must be approved by the Director. The part or component shall be equal to or of better quality than the original part or component being replaced.

The Director reserves the right to conduct a security background check or otherwise approve any employee, sub-contractor or agent furnished by Contractor and to refuse access to or require replacement of any personnel for cause based on, including but not limited to, professional, technical or training qualifications, quality of work or change in security status or non-compliance with Authority's security or other requirements. Such approval shall not relieve the Contractor of the obligation to perform all work in compliance with the Contract terms. The Director reserves the right to reject and/or bar from the facility for cause any employee, sub-contractor, or agents of the Contractor.

51. ASSIGNMENT The Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of the contract or its right, title or interest therein, or its power to execute such contract to any other person, company, firm or corporation in performance of the contract without the prior

written consent of the Authority. Failure to obtain consent to assignment from the Authority shall revoke and annul such Contract. Prior to a consent to assignment of a Contract, or portion thereof, becoming effective, the Contractor shall submit the request to assignment to the Director and seek written agreement from the Director. The Director reserves the right to reject any proposed assignee in his/her discretion.

52. SUBCONTRACTORS AND SUPPLIERS The Contractor shall advise the Director, in writing, as to the name and address of the proposed sub-contractor and the exact scope of the work the sub-contractor will perform. The Contractor shall not sub-contract with the sub-contractor until the Director has given written approval of the sub-contractor and the work to be performed. All work by sub-contractors shall be performed at no additional cost to the Authority except as herein elsewhere stated in the Contract. All sub-contractors shall be required to furnish the Authority with proof of insurance in the same manner and the amounts as required by the Contractor. All sub-contractors shall be required to comply with the applicable terms and conditions of the Contract.

The Director reserves the right to reject any proposed Subcontractor or supplier for bona fide business reasons, which may include, but are not limited to: they are on the New York State Department of Labor's list of companies with which New York State cannot do business; the Director determines that the company is not qualified; the Director determines that the company is not responsible; the company has previously provided unsatisfactory work or services; the company failed to solicit minority and women's business enterprises (M/WBE) Bidders as required by prior Contracts.

53. PERFORMANCE / BID BOND The Director reserves the right to require a Bidder or Contractor to furnish without additional cost, a performance, payment or Bid bond or negotiable irrevocable letter of credit or other form of security for the faithful performance of the Contract. Where required, such bond or other security shall be in the form prescribed by the Authority Attorney of the Authority of North Hempstead. Failure of the Contractor to furnish said surety within ten days from the date of request shall be sufficient cause to terminate the Contract and cancel a pending Purchase Order(s).

54. SUSPENSION OF WORK The Director, in his/her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, in the best interests of the Authority. In the event of such suspension, the Contractor will be given a formal written notice outlining the particulars of such suspension. Examples of the reason for such suspension include, but are not limited to, a budget freeze or reduction on Authority spending, declaration of emergency, contract compliance issues or other such circumstances. Upon issuance of such notice, the Contractor is not to accept any Purchase Orders, and shall comply with the suspension order. Activity may resume at such time as the Director issues a formal written notice authorizing a resumption of performance under the Contract.

55. TERMINATION

A. **By written notice:** This Contract may be terminated at any time by the Authority upon sixty (60) days written notice or other specified period without penalty or other early termination charges due. The Authority will be responsible for payment of any portion of the Services completed prior to termination of the Contract and satisfactory to the Authority's Comptroller. Such termination of the Contract shall not affect any project or Purchase Order that has been issued under the Contract prior to the date of such termination. Contractor shall use due diligence and provide any outstanding deliverables.

B. **For Violation of the Sections 139-j and 139-k of the State Finance Law:** The Director reserves the absolute right to terminate the Contract in the event it is found that the certification filed by the Bidder in accordance with Section 139-k of the State Finance Law was intentionally false or intentionally incomplete. Upon such finding, the Director may exercise its termination right by providing written notification to the Contractor in accordance with the written notification terms of the Contract.

C. **For Violation of Revised Tax Law 5a:** The Director reserves the absolute right to terminate the contract in the event it is found that the certification filed by the Contractor in accordance with §5-a of the Tax Law is not timely filed during the term of the Contract or the certification furnished was intentionally false or intentionally incomplete. Upon such finding, the Director may exercise its termination right by providing written notification to the Contractor.

D. **Contractor Assistance Upon Termination.** In connection with the termination or impending termination of the Contract, the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the Authority to assist the Authority in transitioning the Contractor's responsibilities under the Contract.

E. **Accounting Upon Termination.** Within thirty (30) days of the termination of the Contract, the Contractor shall provide the Authority with a complete accounting up to the date of termination of all monies received from the Authority, and shall immediately refund to the Authority any unexpended balance remaining as of the time of termination.

Force majeure includes, but is not limited to, acts of God, acts of war, acts of public enemies, strikes, fires, explosions, actions of the elements, floods, or other similar causes beyond the control of the Contractor or the Director in the performance of the Contract which non-performance, by exercise of reasonable diligence, cannot be prevented. Contractor shall provide the Director with written notice of any force majeure occurrence as soon as the delay is known.

Neither the Contractor nor the Director shall be liable to the other for any delay in or failure of performance under the Contract due to a force majeure occurrence. Any such delay in or failure of performance shall not constitute default or give rise to any liability for damages. The existence of such causes of such delay or failure shall extend the period for performance to such extent as determined by the Contractor and the Director to be necessary to enable complete performance by the Contractor if reasonable diligence is exercised after the cause of delay or failure has been removed.

Notwithstanding the above, at the discretion of the Director where the delay or failure will significantly impair the value of the Contract to the Authority, the Director may:

A. Accept allocated performance or deliveries from the Contractor. The Contractor, however, hereby agrees to grant preferential treatment to the

Authority with respect to Product subjected to allocation; and/or

B. Purchase from other sources (without recourse to and by the Contractor for the costs and expenses thereof) to replace all or part of the Products which are the subject of the delay, which purchases may be deducted from the Contract quantities without penalty or liability to the Authority; or Terminate the Contract or the portion thereof which is subject to delays, and thereby discharge any unexecuted portion of the Contract or the relative part thereof.

In addition, the Director reserves the right, in his/her sole discretion, to make an equitable adjustment in the Contract terms and/or pricing should extreme and unforeseen volatility in the marketplace affect pricing or the availability of supply. "Extreme and unforeseen volatility in the marketplace" is defined as market circumstances which meet the following criteria: (i) the volatility is due to causes outside the control of Contractor; (ii) the volatility affects the marketplace or industry, not just the particular Contract source of supply; (iii) the effect on pricing or availability of supply is substantial; and (iv) the volatility so affects Contractor's performance that continued performance of the Contract would result in a substantial loss.

57. CONTRACT BILLINGS

A. Contractor and the distributors/resellers designated by the Contractor, if any, shall provide complete and accurate billing invoices to the Authority in order to receive payment. None of the Contract amount shall be paid by the Authority except pursuant to timely filed claim forms containing documentation of the costs claimed following completion of all or a portion of the Product or services performed, all in form and substance satisfactory to the Authority.

i. Claim Forms, Claim Form Review and Approval. Payments shall be made to the Contractor in arrears and shall be expressly contingent upon: (a) the Contractor submitting a claim form (the "Claim Form") in a form provided by the Authority, that (i) states with reasonable specificity the Product or services provided and the payment requested as consideration for such Product or services; (ii) certifies that the sum sought is just, true and correct; that no part thereof has been paid except as stated, and that the balance is actually due and owing and that taxes from which the Authority is exempt are excluded; and (iii) is accompanied by documentation satisfactory to the Authority supporting the amount claimed, and review, approval and audit of the Claim Form by the Authority.

ii. Timing of Payment Claims. The Contractor shall submit claims no more frequently than once a month and no later than three (3) months following the Authority's receipt of the Product or services performed that are the subject of the claim. Any claims submitted in violation of this Section 55 shall not be due and payable by the Authority.

iii. No Duplication of Payments. Payments for the Product shall not duplicate payments for any work performed or to be performed under any other agreements made between the Contractor and any funding source including the Authority.

iv. Release The acceptance by the Contractor or any person claiming under the Contractor of any payment made on the final payment claim under this Contract shall operate on and shall be a release to the Authority from all claims and liability to the Contractor, its successors, legal representatives and assigns, for any compensation or reimbursement for services rendered or work performed under or by the provisions of this Contract.

B. The Comptroller shall render payment for Authority purchases, and such payment shall be made in accordance with ordinary Authority procedures and practices.

C. Submission of a Claim Form and payment thereof shall not preclude the Director from reimbursement or demanding a price adjustment in any case where the Product delivered is found to deviate from the terms and conditions of the Contract or where the billing was inaccurate.

D. Contractor shall provide, upon request of the Director or the Comptroller, any and all information necessary to verify the accuracy of the billings. Such information shall be provided in the format requested by the Director or Comptroller and in a media commercially available from the Contractor.

58. REMEDIES FOR BREACH It is understood and agreed that all rights and remedies afforded below shall be in addition to all remedies or actions otherwise authorized or permitted by law:

Such purchases may, in the discretion of the Director, be deducted from the Contract quantity and payments due Contractor.

B. **Withhold Payment** In any case where a question of non-performance by Contractor arises, payment may be withheld in whole or in part at the discretion of the Director. Should the amount withheld be finally paid, a cash discount originally offered may be taken as if no delay in payment had occurred.

C. **Reimbursement of Costs Incurred** The Contractor agrees to reimburse the Authority promptly for any and all additional costs and expenses incurred for acquiring acceptable services, and/or replacement Product. Should the cost of cover be less than the Contract price, the Contractor shall have no claim to the difference. The Contractor covenants and agrees that in the event suit is successfully prosecuted for any default on the part of the Contractor, all costs and expenses expended or incurred by the Authority in connection therewith, including reasonable attorney's fees, shall be paid by the Contractor.

D. **Substitute Equipment** Where the Contractor fails to timely deliver pursuant to the guaranteed delivery terms of the Contract, the Authority may rent substitute equipment temporarily. Any sums expended for such rental shall, upon demand, be reimbursed to the Authority promptly by the Contractor or deducted by the Authority from payments due or to become due the Contractor on the same or another transaction.

E. **Deduction/Credit** Sums due as a result of these remedies may be deducted or offset by the Authority from payments due, or to become due, the Contractor on the same or another transaction. If no deduction or only a partial deduction is made in such fashion the Contractor shall pay to the Authority the amount of such claim or portion of the claim still outstanding, on demand. The Director reserves the right to determine the disposition of any rebates, settlements, restitution, liquidated damages, etc., which arise from the administration of the Contract.

59. TOXIC SUBSTANCES Each Contractor furnishing a toxic substance as defined by Section 875 of the Labor Law, shall provide the Authority with not less than two copies of a material safety data sheet, which sheet shall include for each such substance the information outlined in Section 876 of the Labor Law.

Before any chemical product is used or applied on or in any building, a copy of the product label and Material Safety Data Sheet must be provided to and approved by the Authority.

The Contractor shall not engage, on a full time or part-time or other basis during the period of the Contract, any professional or technical personnel who are or have been at any time during the period of the Contract in the employ of the Federal Highway Administration or the Public Works organization of any State, County or City or Authority except regularly retired employees, without the consent of the public employer of such person.

61. COOPERATION WITH THIRD PARTIES The Contractor shall be responsible for fully cooperating with any third-party, including but not limited to other Contractors or Subcontractors of the Authority, as necessary to ensure delivery of Product or coordination of performance of services.

Failure to do so may constitute grounds for the Director to cancel or suspend this Contract, in whole or in part, or to take any other action deemed necessary by the Director.
- D. **Product Warranty** Unless recycled or recovered materials are available in accordance with the "Recycled or Recovered Materials" clause, Product offered shall be standard new equipment, current model or most recent release of regular stock product with all parts regularly used with the type of equipment offered; and no attachment or part has been substituted or applied contrary to the manufacturer's recommendations and standard practice.

Any part of component replaced by the Contractor under the Contract warranty shall be replaced at no cost to the Authority and guaranteed for the greater of: (i) the warranty period under paragraph (D) above; or (ii) if a separate warranty for that part or component is generally offered by the manufacturer, the standard commercial warranty period offered by the manufacturer for the individual part or component.

Under New York General Municipal Law Section 103(16), any contract awarded under this bid (hereinafter, the "Contract") shall be made available to all other governmental entities in New York State. It is understood that the extension of the Contract to such other governmental entities is at the discretion of the Bidder and that the Bidder is not bound, by virtue of such contract, to any contract or agreement other than the Contract. In the event of a breach in the performance of any such work and any and all terms and conditions of the Contract (including, but not limited to, payment) by the Bidder or such governmental entity, the Authority of North Hempstead specifically and expressly disclaims any liability for such breach. The Bidder and any governmental entity utilizing the Contract guarantees to the Authority of North Hempstead that the Bidder shall not hold the Authority of North Hempstead liable for any breach by another governmental entity in the performance of any provision of the Contract, for the payment of any amounts owed by such governmental entity or for any other matter associated with another governmental entity's use of the Contract. The Bidder and any governmental entity using the Contract shall hold the Authority of North Hempstead, its officers, directors, employees, contractors and agents harmless from any liability that may be or is imposed by the failure of the Bidder or such governmental entity to perform in accordance with its obligations, covenants and terms and conditions of the Contract.

Terms and Conditions

Additional Terms and Conditions – The following terms and conditions apply in addition to any terms and conditions otherwise stated in this bid document. In the event of a conflict between the terms and conditions stated below and any other term or condition state in this bid document, the terms and conditions stated below shall control.

1. The successful bidder agrees to supply and/or perform and complete in a workmanlike manner the project described in this bid document (the “Work”) in accordance the terms and conditions stated below and in this bid document. The Work will be completed in two phases as described above. The successful bidder shall not commence the Work on either phase unless and until it receives a notice to proceed signed by the Executive Director of the Authority.
2. Upon execution of the form agreement attached to this bid document (the “Agreement”), the Contractor shall simultaneously furnish a faithful performance bond for an amount not less than One Hundred Percent (100%) of the Contract Amount and a Labor and Materials Payment Bond (for payment to all persons performing labor or furnishing materials in connection therewith) for not less than One Hundred Percent (100%) of the Contract Amount. These bonds shall stipulate that they are for this Agreement and that they will remain in effect for the duration of the Agreement. The bonds shall be issued by a surety company acceptable to and approved by the Authority.
3. Upon the completion of each door and the completion of an inspection by the Authority of the installed resulting in a finding that all equipment is functioning as required by the Agreement and in accordance with the specifications of the equipment installed, the Authority will make a progress payment to the successful bidder equal to one-sixth (1/6th) of the amount bid by the successful bidder for the phase in which the door was completed. The Authority will retain five (5%) percent of the amount of each payment until such point as each phase of the Work is completed, at which time the Owner shall pay the Contractor for the total amount bid by the successful proposer for the relevant phase, minus any previous payments made for Work completed for such phase, minus an amount adequate to satisfy any claims, liens, or judgments against the successful proposer which have not been suitably discharged. Notwithstanding the foregoing, no final payment shall be made on any phase of the Work unless the successful proposer has delivered to the Authority any operations and maintenance manuals for equipment installed; standard form lien waivers executed by the successful proposer, its subcontractors and suppliers; executed releases of liens (if any mechanics liens have been previously filed); an executed contractor’s final payment affidavit; and a Certificate of Completion executed by the Authority and the successful proposer. All material and work covered by paid partial payments will become the sole property of the Authority, but this provision shall not be construed as relieving the successful proposer from its sole responsibility for the care and protection of materials and work upon which payments have been made or the restoration of any damaged work, or as a waiver of the right of the Authority to require the fulfillment of all of the terms of this bid document.
4. The facility at which the Work will be completed is an active solid waste transfer station, and it is essential to the continued operation of the Authority that the facility remain in operation unabated during the completion of the Project. The successful bidder and the Authority agree to cooperate in scheduling all Work, and the successful bidder shall cooperate with the reasonable instructions of employees of the Authority and the Authority’s contracted transfer station operator, Omni Recycling of Westbury, in completing the Work.
5. The term of this Agreement shall commence upon execution of the Agreement and shall terminate upon the completion of the Work, unless sooner terminated in accordance with the terms and conditions stated in this bid document. For purposes of this Agreement, the Work shall only be deemed completed upon the completion of all activities described in this bid document, the completion of an inspection by the Authority of the Work resulting in a finding that all equipment is functioning as required by this bid document and in accordance with the specifications of the equipment installed, and the delivery of the documents stated in Section 3 above.
6. The successful proposer shall guarantee its work for a period of time of one (1) year from the date of the completion of both phases of the Work and the issuance of a Certificate of Completion executed by both successful proposer and Authority against any and all omissions and defects which may develop or require remedial work action as a result of its performance of the Contract. At the completion of each phase of the Work, the successful proposer shall furnish a Maintenance Bond to the Authority, executed by the successful proposer as principal, and having a surety thereon a surety company acceptable to the Authority, guaranteeing that the successful proposer shall maintain the work for a period of one year from the date of issue of the Certificate of Completion without cost to the Authority. Such Maintenance Bond shall cover restoration of the Work and all of its appurtenances, including, but not limited to, disturbed equipment and/or utilities, and properties, which have been a

part of or have become a part of the Work under the terms and conditions of this bid document. The Maintenance Bond shall be in the sum of one hundred percent (100%) of the total amount bid by the successful proposer for the phase of the Work to which the bond relates.

7. The Authority shall have the authority to suspend the Work, wholly or in part, for such period or periods, as it may deem necessary, due to unsuitable weather, or such conditions as are considered unfavorable for prosecution of the Work. In such instance the successful bidder's sole remedy for a suspension of work shall be an extension of the contract completion time, which must be approved by the Authority. The successful bidder shall not suspend operations without the Authority's permission. In addition, the Authority reserves the right, for any or no reason, upon notice to the successful proposer to cancel Phase 2 of the Work at any time prior to the issuance of a Notice to Proceed for Phase 2 of the Work. In the event of such cancellation, the Contractor shall have no rights against the Authority, and the Authority shall have no liabilities to the successful proposer, as a result of such cancellation.

8. The successful bidder shall at all times safely guard the Authority's property from injury or loss in connection with the Work. It shall at all times safely guard and protect its own work and that of adjacent property from damage, loss or injury. All passageways, guard fences, lights, and other facilities required for protection by all authorities or local conditions must be provided and maintained. It is further understood and agreed that loss or damage arising out of the nature of the Work to be done or from any unforeseen obstruction or difficulties which may be encountered in the performance of the same or from the action of the elements or from encumbrances on the line of work or from any injury done in consequence of acts or omissions on the part of the successful bidder, subcontractor, their employees, or agents in carrying out any of the provisions or requirements of this bid document shall be borne and assumed by the successful bidder.

9. All successful bidders and/or subcontractors shall have identification of its company name clearly visible on all vehicles, field offices, storage units, machinery and equipment.

Should the successful bidder elect to perform Work after regular working hours, on Saturdays, Sundays or legal holidays, such work shall be performed only with the approval of the Authority and without additional expense to the Owner.

11. The successful bidder expressly agrees to undertake at all times at its own expense:

- a. Every precaution to prevent injury to all persons or damages to all property. The safety provisions of applicable laws shall be observed but job site safety is the sole responsibility of the successful bidder and its subcontractors and cannot be assumed by the Authority, the Engineer or their agents or employees.
- b. The storage of its apparatus, materials, supplies and equipment in orderly fashion at the site of the Work so as not to interfere with the progress of its Work, the Work of any other contractors or the Authority's normal operations.
- c. The placement upon the Work or any part thereof only such loads as are consistent with the safety of that portion of Work.
- d. The responsibility at all times for the protection and safety of the general public and of persons and employees who may for any reason enter within the limits of its Work.
- e. The daily cleanup of all refuse, rubbish, scrap, materials, and debris caused by its operations, to the end that at all times the site of the Work shall present a neat, safe, orderly and workmanlike appearance in conformance with the requirements of OSHA, other applicable laws and the terms of this bid document.
- f. The removal of all surplus materials, false work, temporary structures, including foundations thereof, and plants of any description so as to leave the site in a neat, orderly condition.
- g. The disposal of such debris in a manner approved by the Authority.

12. The successful proposer agrees that he will indemnify and save the Authority harmless from all claims growing out of the demands of subcontractors, laborers, workmen, mechanics, material, men, and furnishers of machinery and parts thereof, equipment, power tools, and all supplies including commissary, incurred in the furtherance of the performance of the Work. The successful proposer shall, at the Authority's request, furnish satisfactory evidence that all obligations for the nature

hereinabove designated have been paid, discharged, or waived. If the successful proposer fails to do so, then the Authority may, after having served written notice to the successful proposer and its Surety, either pay unpaid bills of which the Authority has written notice, or withhold from the successful proposer's subsequent payments a sum of money deemed reasonably sufficient to pay any and all such claims until satisfactory evidence is furnished that all liabilities have been fully discharged, whereupon payment to the successful proposer shall be resumed, in accordance with the terms of this bid document, but in no event shall the provisions of this paragraph be construed to impose any obligations upon the Authority to either the successful proposer or its Surety. In paying any unpaid bills of the successful proposer, such payment shall be considered as a payment made under the terms and conditions of this bid by the Authority to the successful proposer, and the Authority shall not be liable to the successful proposer or Surety for any such payments made in good faith.

General Provisions of Laws Covering Workers on Article 8 Public Work Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

Responsibilities of the Department of Jurisdiction

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission; a county, city, town or village; a school district, board of education or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 16) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 16 and PW 200 forms are available for completion [online](#).

Hours

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project.

There are very few exceptions to this rule. Complete information regarding these exceptions is available on the ["Request for a dispensation to work overtime" form \(PW30\)](#) and ["4 Day / 10 Hour Work Schedule" form \(PW 30.1\)](#).

Wages and Supplements

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work. Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.ny.gov.

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website www.labor.ny.gov.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website www.labor.ny.gov.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. As per Article 6 of the Labor law, contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid

or provided, and Daily and weekly number of hours worked in each classification.

The filing of payrolls to the Department of Jurisdiction is a condition of payment. Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds \$25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Laws, Article 8 . Section 220-a).

Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYSDOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 235.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be encased in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "Public Work Project" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers' compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 8, Section 220-e(a)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-e(b)).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 8, Section 220-e(c)).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 8, Section 220-e(d)).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

Social Security Numbers on Certified Payrolls:

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concern regarding inclusion of this information on payrolls if another identifier will suffice.

For these reasons, the substitution of the use of the last four digits of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor. This change does not affect the Department's ability to request and receive the entire social security number from employers during its public work/ prevailing wage investigations.

Construction Industry Fair Play Act: Required Posting for Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site. Failure to post the notice can result in penalties of up to \$1,500 for a first offense and up to \$5,000 for a second offense. The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, www.labor.ny.gov. <https://labor.ny.gov/formsdocs/ui/IA999.pdf>

If you have any questions concerning the Fair Play Act, please call the State Labor Department toll-free at 1-866-435-1499 or email us at: dol.misclassified@labor.ny.gov .

Worker Notification: (Labor Law §220, paragraph a of subdivision 3-a)

This provision is an addition to the existing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the *prevailing wage rate* for their particular job classification *on each pay stub**. It also requires contractors and subcontractors to *post a notice* at the beginning of the performance of every public work contract *on each job site* that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her job classification. The required notification will be provided with each wage schedule, may be downloaded from our website www.labor.ny.gov or be made available upon request by contacting the Bureau of Public Work at 518-457-5589. *In the event the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

Budget Policy & Reporting Manual

B-610

Public Work Enforcement Fund

effective date December 7, 2005

1. Purpose and Scope:

This Item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State of Comptroller (OSC), and
- State agencies and public benefit corporations.

2. Background and Statutory References:

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 655 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

3. Procedures and Agency Responsibilities:

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor
Administrative Finance Bureau-PWEF Unit
Building 12, Room 464
State Office Campus
Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

Required Notice under Article 25-B of the Labor Law

**Attention All Employees, Contractors and Subcontractors:
You are Covered by the Construction Industry Fair Play Act**

The law says that you are an employee unless:

- You are free from direction and control in performing your job, **and**
- You perform work that is not part of the usual work done by the business that hired you, **and**
- You have an independently established business.

Your employer cannot consider you to be an independent contractor unless all three of these facts apply to your work.

It is against the law for an employer to misclassify employees as independent contractors or pay employees off the books.

Employee Rights: If you are an employee, you are entitled to state and federal worker protections. These include:

- Unemployment Insurance benefits, if you are unemployed through no fault of your own, able to work, and otherwise qualified,
- Workers' compensation benefits for on-the-job injuries,
- Payment for wages earned, minimum wage, and overtime (under certain conditions),
- Prevailing wages on public work projects,
- The provisions of the National Labor Relations Act, and
- A safe work environment.

It is a violation of this law for employers to retaliate against anyone who asserts their rights under the law. Retaliation subjects an employer to civil penalties, a private lawsuit or both.

Independent Contractors: If you are an independent contractor, **you must pay all taxes and Unemployment Insurance contributions required by New York State and Federal Law.**

Penalties for paying workers off the books or improperly treating employees as independent contractors:

- **Civil Penalty** First offense: Up to \$2,500 per employee
 Subsequent offense(s): Up to \$5,000 per employee
- **Criminal Penalty** First offense: Misdemeanor - up to 30 days in jail, up to a \$25,000 fine and debarment from performing public work for up to one year.
 Subsequent offense(s): Misdemeanor - up to 60 days in jail or up to a \$50,000 fine and debarment from performing public work for up to 5 years.

If you have questions about your employment status or believe that your employer may have violated your rights and you want to file a complaint, call the Department of Labor at (866) 435-1499 or send an email to dol.misclassified@labor.ny.gov. All complaints of fraud and violations are taken seriously. You can remain anonymous.

Requirements for OSHA 10 Compliance

Article 8 §220-h requires that when the advertised specifications, for every contract for public work, is \$250,000.00 or more the contract must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training "prior to the performing any work on the project."

The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.*)
- Training roster, attendance record or other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

**A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-457-5589.

WICKS

Public work projects are subject to the Wicks Law requiring separate specifications and bidding for the plumbing, heating and electrical work, when the total project's threshold is \$3 million in Bronx, Kings, New York, Queens and, Richmond counties; \$1.5 million in Nassau, Suffolk and Westchester counties; and \$500,000 in all other counties.

For projects below the monetary threshold, bidders must submit a sealed list naming each subcontractor for the plumbing, HVAC and electrical and the amount to be paid to each. The list may not be changed unless the public owner finds a legitimate construction need, including a change in specifications or costs or the use of a Project Labor Agreement (PLA), and must be open to public inspection.

Allows the state and local agencies and authorities to waive the Wicks Law and use a PLA if it will provide the best work at the lowest possible price. If a PLA is used, all contractors shall participate in apprentice training programs in the trades of work it employs that have been approved by the Department of Labor (DOL) for not less than three years. They shall also have at least one graduate in the last three years and use affirmative efforts to retain minority apprentices. PLA's would be exempt from Wicks, but deemed to be public work subject to prevailing wage enforcement.

The Commissioner of Labor shall have the power to enforce separate specification requirements on projects, and may issue stop-bid orders against public owners for non-compliance.

Other new monetary thresholds, and similar sealed bidding for non-Wicks projects, would apply to certain public authorities including municipal housing authorities, NYC Construction Fund, Yonkers Educational Construction Fund, NYC Municipal Water Finance Authority, Buffalo Municipal Water Finance Authority, Westchester County Health Care Association, Nassau County Health Care Corp., Clifton-Fine Health Care Corp., Erie County Medical Center Corp., NYC Solid Waste Management Facilities, and the Dormitory Authority.

Contractors must pay subcontractors within a 7 days period.

Introduction to the Prevailing Rate Schedule

Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Payrolls and Payroll Records

Contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury.

Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. Although in most cases the payment or provision of supplements is straight time for all hours worked, some classifications require the payment or provision of supplements, or a portion of the supplements, to be paid or provided at a premium rate for premium hours worked. Supplements may also be required to be paid or provided on paid holidays, regardless of whether the day is worked. The Overtime Codes and Notes listed on the particular wage classification will indicate these conditions as required.

Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.ny.gov) for current wage rate information.

Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.

OVERTIME Holiday Pay:

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.
