

The Town of North Hempstead Recycling Refresher Lesson

Attention Teachers!

“Why should I recycle?”

“What is recycling?”

“Can I recycle this?”

Have your students ever asked you any of these questions?

If you answered yes, it might be time to have a member of the Outreach Team visit your classroom!

When it comes to recycling everyone can benefit from a review every now and then. With our **Recycling Refresher Lesson** students will be engaged in a grade appropriate discussion about this important way to make the Earth a cleaner and greener place.

If you would like a member of the Outreach Team to visit your class, please contact:

Outreach Team
Call 311 or (516) 869 - 6311
or email
